Phone Number:

**Message:**

We don't need additional power.  
With weakening clean water regulations, it will be hard enough to protect  
clean municipal water systems without the threats pipelines bring.  
Didn't an employee of Colonial Gas die in an explosion earlier this year?  
Who profits from a new unnecessary pipeline?  
At whose expense: landowners in rural counties, ratepayers, predominantly  
members of the Lumbee tribe and people of color, as if they needed any more  
issues!  
Reject the Atlantic Coast Pipeline!
